

Kanchenjunga - Design

Kanchenjunga is a font loosely based on the handwriting style of Kirat Rai which was used in some of the early reading primers for Kirat Rai.

One font from this typeface family is included in the *Kanchenjunga* release:

- Kanchenjunga Regular

Type Samples

Type samples showing some of the inventory of glyphs can be found here: [Kanchenjunga Type Sample](#).

Character Set

For a complete list of characters included in Kanchenjunga, see [Character Set Support](#).

This guide is from the [Kanchenjunga project](#) version 0.200 and is copyright © 2021-2022 SIL International.
